WIRE ROPE

WIRE ROPE SPECS

Suncor offers a variety of stainless steel wire rope including: 1x19, 7x7, 7x19 and Mil. Spec cable assemblies. Full reels and cut-to-length orders are available. Suncor is a proud member of AWRE.

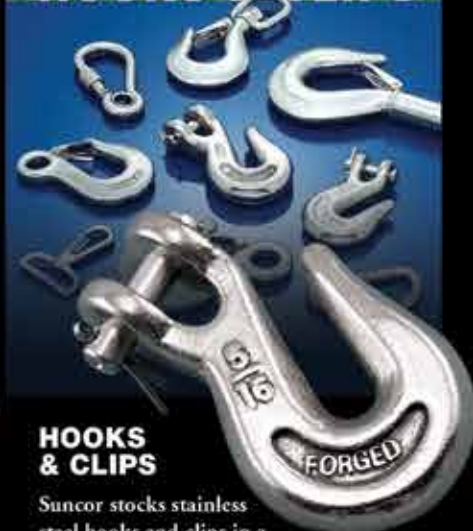

CHAIN

MADE IN USA

Suncor is proud to offer US made stainless chain. Chain varieties include Grade 50 lifting, commercial, industrial, and marine, etc. Barrel loads, cut lengths and slings are available. Suncor is a proud member of NACM.

HOOKS & CLIPS

HOOKS & CLIPS

Suncor stocks stainless steel hooks and clips in a variety of types and sizes. Stainless hooks are forged, cast, wire formed or precision machined and many are load rated.

Swaged Strength

Styles & Sizes for Every Application

Suncor Stainless offers a variety of sizes and styles of swage terminals including mil. spec aircraft control cable terminals, machine swage, hand swage and mechanical swage studs, sleeves and turnbuckles. Sizes range from 1/16" to 1/2". Turnbuckle styles include open and closed bodies with jaws, wall mounts, toggles, eyes and pelican hooks. Most of the swage fittings are made from stainless steel for maximum corrosion resistance and durability. Make Suncor Stainless your one-stop-shop for all your custom wire rope assembly needs. We stock a variety of wire rope and swage components to provide a quick turnaround on large and small custom assemblies for architectural, marine, industrial and military applications.
