We're just getting started.

Loos & Co., Inc. is celebrating our 60th year. We've come a long way from the three car garage in Pomfret, CT. From a distributor to the global leader in Military Specification cables, we're proud of what we've been able to achieve. But even though we've been to both the expanses of outer space and the confines of a human blood vessel, there's still a lot to be done. After 60 years, we're just getting started!
