knuckle boom cranes.

ALT Sales Corp. is a member of the ALL Family of Companies, the largest privately owned heavy lift equipment rental and sales enterprise in North America.

ALT Sales' General Manager Josh Bacci said, "We are pleased to add the Manitex articulating cranes to our diverse portfolio of equipment. We have

ALT Sales Corp. becomes retail distributor of Manitex Articulating Cranes.

been a Manitex boom truck dealer for over 20 years, producing strong sales results. ALT has been a premier source for the largest selection of the world's best names in boom trucks for sale, rental, and leasing, including Manitex. We anticipate continued success with the Manitex articulating cranes."

Sam Rooke, Manitex Product Manager, added, "We are pleased with the addition of ALT to our distribution network. ALT is a historical Manitex dealer with proven success. Their extensive experience in the crane industry will give them a solid platform for growth in the articulating crane area."

Lift & Move USA Takes Part in SkillsUSA National Championships

In June, Lift & Move USA exhibited at the SkillsUSA National Championships in Louisville, KY. Students competed in demonstrations of many skills critical to specialized transportation, crane, and rigging operations. Among the skills contests were welding, technical computer applications, drafting, CNC operations, and diesel equipment technology.

At the Lift & Move USA booth, students and career and technical educa-

tors tried their hand at crane operation using a VR simulator sponsored by Industrial Training International, rigging and knot tying tasks similar to those in the NCCCO certification exam with material sponsored by Equipment Training Solutions, and learned about a new DOL-approved Specialized Transportation & Rigging Apprenticeship available from Edwards Moving & Rigging.

Lift & Move USA works closely with SkillsUSA State Directors to invite students in various regions to upcoming Lift & Move USA-hosted events, including Oct. 11 in Portland, Ore., hosted by NessCampbell Crane & Rigging and Nov. 29 in Rockingham, N.C., hosted by Superior Cranes Inc.
